B-Slam

Nurturing young entrepreneurs

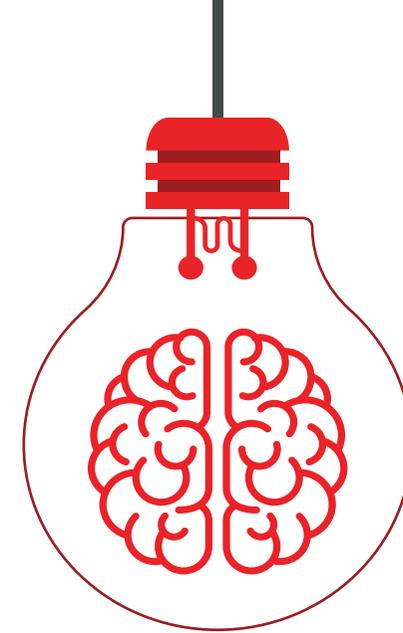

Business and Society

Business Slam (B-Slam) uses principles of design thinking and startup planning to expose students to the concepts of identifying an opportunity, creating a meaningful intervention, generating revenue and providing what the people need.

If we observe the global trends on the publicly traded companies, many companies that are in the top 5 now did not even exist 10 years ago. We need to nurture 'entrepreneurship', the capacity to not only start companies but also to think creatively and ambitiously. India being the fastest growing major economy, there is a huge potential for the 'opportunity driven entrepreneurship'.

Entrepreneurial skills are skills for life. Initiated by the School of Entrepreneurship at Rishihood University, B-Slam promotes entrepreneurship education in K-12 schools.

The B-Slam is a hands-on workshop to foster entrepreneurship at a young age. The students are given a problem statement and they work in teams to develop a business model around it.

The Problem

Youth is not prepared to seize the opportunities of the 21st century

Solution

Entrepreneurial Mindset

Who should participate?

K12 schools which recognize that success lies in creating entrepreneurial attitude in their students rather than a job-seeking attitude.

Bring B-Slam to your school in 2 steps:

Step 1: Scan the QR code to open the application form and enroll your school. You may also visit our website (rishihood.edu.in)

Step 2: Fill in the details and our team will get in touch with you.

Rishihood University is designing impactful and innovative programs in the areas such as education, creativity, healthcare, and entrepreneurship. Visit www.rishihood.edu.in for more information.
